

St. Anthony's Booster Club is selling an advertisement package for businesses to purchase. This year, in addition to our banner spaces in the gym, we now have an interactive scoring table with the ability to show advertising that definitely grabs the crowd's attention with eye-catching advertisements that rotate before and during game play; it is an excellent way to gain exposure for your business. Your ad will appear in the LED display on the score table, which is the center of courtside attention!

Throughout the calendar year, between sporting events, school functions, tournaments, gym rentals, and camps, approximately 8,000 people will see these advertisements. This provides an enormous amount of exposure for your business. The proceeds will benefit all student athletes and your sponsorship will showcase your support for our program.

The package includes a 7' x 4' banner in the gym, a spot on our new LED screened score table, and a week promotion on the weekly school letter. The total package is initially \$500 with a \$300 yearly renewal fee. This is an all-inclusive package and is not sold separately.

Below is what the banner will look like with your company's logo in the white space.

48"h x 84"w banner, single-sided (1)
